DEATHS.

A telegram announcing the death of Benj. F. Waller, at Jacksonville, Fla., last Friday caused universal sorrow among his Paris friends. The deceased has frequently visited Mr. and Mrs. Henry M. Booth, at this place, and by his quiet genial manner, made a host of friends, who sincerely regret his untimely death.

—Matthew Martin, a bachelor, aged about 80 years, was found dead in bed at his home near Jacksonville, this county. He leaves two sisters.

—Miss Mary Spillman, aged thirty-three years, of Lexington, died from the effects of carbolic acid taken through mistake for medicine. Miss Spillman was a frequent visitor to Paris, and her many friends express much sympathy. She was a most excellent young lady.

—The many friends of Mr. and Mrs. Chas. Wilmoth will regret to learn of the death of their little five months old son, Charles, Jr., at their home at Detroit, Mich., Wednesday, of diphtheria. The remains will be brought to this city for burial. Mrs. Wilmoth, who was Miss Louise Russell, is dangerously ill with the same disease.

THRO' KENTUCKY.

Thro' the grand state of Kentucky,
Where the "Old Home" got its name,
Where the fields are overflowing
With the yellow ripening grain.

Here tobacco plants are growing,
In the fields not sown with corn,
Tobacco plants—big as cactus—
Just as sure as you are born.

Yes, they're large as good-sized cactus,
Larger in our home-like view,
But it's of a fine grade as
Is that old "Kentucky Dew."

Here all people reap a harvest,
Money in bank from year to year,
All the green calamity howlers,
Lose their jobs when they land here.

Here the "dry" ways are the highways,
Built high and dry from rains and flood.
Here the "good roads" delegation,
Swear the roads are suitably good.

But of pikes and highways finest,
There's a "road" that suits my taste;
Tis the line of Solid Comfort,
And the trains let no time waste.

From Kentucky to St. Louis,
Operates this road of class,
Across the famous old "Green River"
On its roadbed smooth as glass.

Would you know the road I speak of?
Listen then to my advice,
For you'll need it in your business,
On your trip to Paradise.

In your travels to St. Louis—
Hurry, beat them under the wire,
"Get the Henderson Route" habit"—
'Tis a good one to acquire.

—[Jack "Henderson" Gallagher]

EXPLOSION IN A MINE.

Five Men Dead, Five Badly and
Twenty Slightly Hurt.

The Body of One of the Victims Was
Literally Torn to Pieces—Four
of Those Who Were In-
jured May Die.

Carbondale, Ill., May 12.—In an ex-
plosion Wednesday at the shaft of the
Big Muddy Coal and Iron Co. in Her-
rin, five men were killed outright, five
seriously injured and 20 others slight-
ly injured.

The dead are: John Miller, Dick
Reins, Fritz Seiberg, Evan Williams
and Thomas Green.

Fatally injured: John Swofford,
Frank Lazonia and Angelo Scaronia.
The disaster was one of the most
serious in the history of the coal in-
dustry in this section for many years.
Six kegs of powder had been placed
in the mine during the time interven-
ing between the night and day shifts,
for distribution to the men in the
morning. John Miller, a driver, had
charge of the distribution of the ex-
plosives.

Ten minutes after Miller was sup-
posed to have accomplished his task,
the electric current which runs the
machines was turned on and the explo-
sion followed. It is supposed that
through some mistake the current was
switched on before Miller had distrib-
uted the powder.

Preparations were hurriedly made
by the men on top to learn the fate
of their 40 or more companions below.
On reaching the passageway they
were met by a frightful sight. The
body of Miller, the driver, was liter-
ally torn to pieces. Evan Williams
was found only a short distance from
Miller, and four of those whose injur-
ies may prove fatal were found in the
same vicinity. The three others killed
were farther from the pit had not so
badly disfigured. The injured men
were found in all parts of the mine.
The dead and injured were taken to
the top as rapidly as possible, the dead
to an improvised morgue and the in-
jured to their homes or boarding
houses.

The coroner's inquest began in Her-
rin Wednesday and will continue on
Thursday.

ANTHRACITE MINERS.

They Will Receive No Advance on
April Wages.

Wilkesbarre, Pa., May 12.—The var-
ious coal companies in the Wyoming
and Lackawanna regions have been no-
tified by Commissioner Neill that the
miners would receive no advance on
April wages under the sliding scale as
the price of coal at tidewater was be-
low \$4.65 a ton. For March the min-
ers received six per cent advance.
Since then there has been a cut in
prices. For the next few months coal
will advance 10 cents a ton monthly
and in this case the miners will soon
receive some percentage above the ba-
sis rate fixed by the strike commis-
sion.

THE WESTERN MINERS.

Semi-Annual Meeting of the Executive
Board in Denver.

nual meeting of the executive board of

gan at headquarters in this city. Vice
President John C. Williams, of Cali-
fornia, will preside at the sessions, be-
cause of the absence of President Moyer,
who is being held a military pris-
oner at Telluride. The board sent a
message to Moyer extending him its
"proud sympathy and earnest support"
and received reply from the imprisoned
official acknowledging receipt of the
message to him.

the hotel. James sued for \$10,000 ac-
tual and \$10,000 exemplary damages.

AMERICANS AMBUSHED.

Two Officers and 15 Men Killed and
Five Men Wounded.

Manila, May 12.—Lieut. Winfield
Harper and 39 men of Company F of
the 17th infantry were caught on May
8 in an ambush by several hundred
Moros. Two American officers and 15
men were killed and five men were
wounded. The ambush occurred at
Simpitern, on the east shore of Lake
Liguasan, Island of Mindanao.

The officers killed in the ambush
were First Lieut. Harry A. Woodruff
and Second Lieut. Joseph H. Hall,
both of the Seventh infantry.

(Lieut. Woodruff was born in Indi-
ana and entered the service from the
state of New York. Lieut. Hall was
born in Alabama and was promoted to

SULTAN ASUME'S WEDDING.

Lanao Moros Praying and Feasting in
Honor of It.

St. Louis, May 12.—At the Filipino
reservation, World's fair, the Lanao
Moros have started upon a program of
steady praying and feasting in honor
of the approaching marriage of Sultan
Pitilian Assume. The bride-to-be is one
of the 90 slave wives of Sultan Assume,
it is stated, and the ceremonies will
take place as soon as the Moros are
comfortably settled in their village.
The Moros began praying and contin-
ued it during part of Wednesday and
devoted much of the remainder of the
day to feasting. Praying and feasting
periods will be observed every third
day until the ceremony takes place.

PAN-AMERICAN EXPOSITION.

It Is Claimed \$150,000 Was Used Ille-
gally in Policing It.

Buffalo, N. Y., May 12.—At a meet-
ing of the board of councilmen Wed-
nesday the committee appointed to
consider President John J. Smith's
charge that \$200,000 of the city's mon-
ey had been "squandered" or illegally
expended, made its report. The report
says that the committee believes that
the \$150,000 paid out by the city for
police protection at the Pan-American
exposition grounds during the summer
of 1901 was expended illegally, the city
having no more right to pay for a po-
lice force for the Pan-American ex-
position, a private corporation, than they
have to organize and pay for a police
force for any other private corpora-
tion.

THE NEW EXPLOSIVE.

It Was Invented By a Japanese
Chemist.

Vancouver, B. C., May 12.—Issa Tan-
imura, of Tokio, trade commissioner to
Canada, arrived on the Empress of Ja-
pan and gives details of the new ex-
plosive used by Japan, referred to in a
press dispatch from St. Petersburg.
He says it was invented by a Japan-
ese chemist and is apparently a devel-
opment of lyddite, the basis being pic-
ric acid. He declares it explodes un-
der water, may be used in all weap-
ons and is not subject to injury from
dampness.

"Much of Japan's success in the en-
gagements both on land and sea," said
Mr. Tanimura, in an interview here
Wednesday, "is due to the superior
quality of the new explosive which is
now being used."

DIED FROM OVERJOY.

Sight of Her Mother.

Buffalo, N. Y., May 12.—Miss Marion

visit from her mother. She started to-
ward her with an exclamation of joy
and collapsed after taking a few steps.
She was dead in a few seconds.

THE NEPHEW CAUGHT ON.

Showed His Mercenary Uncle He
Could Be as Saving as
Anyone.

A naval officer, recently returned from
the isthmus of Panama, according to the
New York Tribune, tells the following
story concerning the wealthiest man on
the isthmus:

"Senor M.—is known all over the isth-
mus as the stingiest man who ever lived.
He will have no lights in his house except
candles, and the lone candle in his sit-
ting-room is not burned at night when he
is talking to visitors and is not compelled
to have a light."

"The old man has a nephew who makes
the money fly. A short time ago he called
on his uncle at night. While they were
talking the old man blew out his candle.
"What did you do that for?" the young-
ster asked.

"Why, we don't need the light while
we are talking," the uncle replied.
"While the uncle was talking earnestly
the boy began to shuffle about in the dark.
Much annoyed by the interruption, the
old man said: 'What are you doing?'"

"Only just taking off my trousers," the
nephew replied. "I don't need them in the
dark and want to keep from wearing them
out."

Still Another Case.

Kirkland, Ill., May 9.—Mr. Richard R.
Greenhow, of this place, is another who
has been cured of Rheumatism by Dodd's
Kidney Pills. He says:

"I had the Rheumatism in my left leg
so bad that I could not walk over ten or
fifteen rods at a time, and that by the use
of two canes, and I would have to sit or
lie down on the ground. The sweat would
run down my face with so much pain. I
could not sleep at night for the pain. I
was in a terrible condition.
"I tried different doctors' medicines but
got worse, till I saw an advertisement of
Dodd's Kidney Pills and bought some.
After I had used a few, the pain began
to leave me, so I kept right on taking
them and gradually getting better till I
had used in all fourteen boxes and my
Rheumatism was all gone, not a pain or
ache left."

"I can truly say I haven't felt better in
twenty-five years than I do to-day. Dodd's
Kidney Pills have made a new man of
me."

Time Is Up.

A Russian newspaper, announces that
the Chinese will astonish the world when
the world's will expects it. To meet these
requirements, there is no need for delay-
ing.—Manchester Union.

A prominent club woman,
Mrs. Danforth, of St. Joseph,
Mich., tells how she was cured
of falling of the womb and its
accompanying pains and misery
by Lydia E. Pinkham's Vegetable
Compound.

"DEAR MRS. PINKHAM:—Life looks
dark indeed when a woman feels that
her strength is fading away and she has
no hopes of ever being restored. Such
was my feeling a few months ago when
I was advised that my poor health was
caused by prolapsus or falling of the
womb. The words sounded like a
knell to me, I felt that my sun had set;
but Lydia E. Pinkham's Vege-
table Compound came to me as an
elixir of life; it restored the lost forces
and built me up until my good health
returned to me. For four months I
took the medicine daily, and each dose
added health and strength. I am so
thankful for the help I obtained through
its use."—MRS. FLORENCE DANFORTH,

It was originally settled by Judge Caleb Wallace, one of the first judges of the Kentucky Court of Appeals, and the building on the farm that was used by Judge Wallace as his law office and in which the first court of Woodford county was organized, in 1789, is still standing and is in a good state of preservation.

THE BOURBON NEWS.

BOTH 'PHONES, - - - - - 124.

[Entered at the Paris, Ky., postoffice as Second-class Mail Matter.]

ANNOUNCEMENTS.

We are authorized to announce Claude M. Thomas, of Bourbon, as a candidate for the Democratic nomination for Congressman from the Seventh District, subject to the action of the District Convention to be held in the city of Lexington, on Thursday, May 12, 1904.

"Boddler Buster" Wins.

Joseph W. Folk, the "boddler" prosecutor, has won his fight for the Democratic nomination for Governor in Missouri. Although opposed by the entire State machine, which has controlled all elections in Missouri for many years, Mr. Folk has won his fight fairly. His campaign for Governor, just as his career as Circuit Attorney of St. Louis, has been based on his attitude of antagonism to "boddling" and "boddlers." Over in Saline county, last week, where the politicians, hoping to defeat him, had framed up a pledge to be required of every candidate going on their primary tickets, asked Mr. Folk to sign his name to a promise to support the Democratic nominees from Governor down. Mr. Folk smilingly penned his name, then added: "It must be distinctly understood that I will vote against any Democratic nominee whom I know to be a boddler."

Mr. Folk has fought Governor Dockery, United States Senator Stone, Secretary of State Cook, State Auditor Allen, Police Commissioner Hawes, Mayor Reed, Judge Cantr, Ed Butler, and a whole list of minor politicians, and has whipped them every one.

He has 235 uncontested delegates to the State Nominating Convention, having carried ten out of eleven counties choosing their delegates Saturday. Three hundred and fifty-six delegates are necessary to nominate Harry B. Hawes has 111 delegates, all in St. Louis.

Failing to carry a single county, Hawes has withdrawn from the contest. Mayor Reed has only 41 delegates. The field, to all intents and purposes, is finished.

By direct appeals to the people, by strenuous advocacy of a mighty principle, and an entirely novel issue, the young "boddler" prosecutor has wiped out the machine and will be nominated for Governor of Missouri. That he will be elected goes without saying. Prominent Republicans assert that forty thousand of their party will vote for Folk.

Let Clark Name Him.

There are now four candidates mentioned for the Democratic nomination for State Senate from this Senatorial District, composed of Bourbon, Clark and Montgomery. By an understanding for a number of years these counties take turn about in choosing the Senator. It is now Clark county's time and all of the candidates named are from Clark. Would it not be the best for the candidates, a saving to them of money and time, to let their own county select which one of them shall be the standard-bearer. A primary should just be held in Clark county for this race, and the same rule should always be observed in regard to selecting a man for this office by each of the counties of the district. Let the county whose time it is to furnish a Senator select the man without the interference of the other two. This is our notion about the matter, and we think it would be for the best of all concerned.

FOUND.—Door key. Owner can have same by calling at News office. 2t

THE BEST SHOE.—All well-dressed men wear the famous Walk-Over Shoe. Right in style, right in quality and right in price. FREEMAN & FREEMAN, Sole Agents. 10-1f

LOW ESTIMATE ON LIFE.—It may or may not, be gratifying to Kentuckians to know that the 1,300 prisoners in the Frankfort penitentiary 215 are there for murder, and that Frankfort has more life-term prisoners than any prison in the United States. These statistics prove that life is held too cheaply in Kentucky.

NON-EXPLOSIVE GASOLINE.—Don't burn yourself and property up with gasoline and coal oil when we can make it non-explosive. Come and ask for demonstration. 10-2t C. P. COOK & CO.

NARROW ESCAPE.—A Jack Gatewood, the well-known insurance man of Mr. Sterling, narrowly escaped being killed by his horse running away. He was thrown against a fence, his leg horribly torn and his body badly bruised. He is, however, not dangerously hurt.

FOR LUNCH.—All kinds of package crackers and cakes at J. HARRISON DAVIS, Opp. Windsor Hotel. 10-2t

FASHIONABLE FOOTWEAR.—Freeman & Freeman Furnish Fine, Fashionable Footwear For Fastidious Females. 10-1f

HIGH PRICES TO RULE.—The best informed men in the tobacco trade say that high prices will rule on all tobacco that can be grown this year. Even with a large crop and increased acreage the demand will more than equal the supply. The foreign trade is increasing at a rapid rate, and every pound that can be raised is assured a ready market at a good price.

SAY!—Talk to T. Porter Smith about the insurance. (13nv-1f)

REFRESHING.—The beer at the Hotel Windsor Bar is at all times cold and refreshing.

FATAL FALL.—Daniel Duncan, a Lexington politician, one of the defendants in the election fraud cases set for trial in the Federal Court at London this week, fell from a third-story window of the Catchings Hotel and died about 12 o'clock Wednesday. He was found lying on the brick and stone pavement, about fifty feet below his window in the hotel, in an unconscious condition. His door was locked and the bed was turned down, giving the impression that he had gone to bed and had got up to lower the window and fell out.

A NEGLECTED GRAVE.—There isn't a lawyer in Kentucky who isn't indebted to the Hon. Richard H. Stanton's "Code" and "Digest" for his successful practice; and yet the author of those standard law books lies in the Maysville Cemetery without even a brick to mark his grave.

ESTIMATES FURNISHED.—Ask me for an estimate to paint your house with Enamel House Paint.

BANK CASES ADVANCED.—Auditor's Agent F. A. Lucas, of Paducah, and Attorney A. P. Humphreys, of Louisville, representing both sides in the bank tax cases, brought by the former against about three hundred banks, appeared before the Appellate Court Wednesday and asked the court for immediate consideration of the agreed case brought up. Because of the importance of the case to both the State and the banks, Chief Justice Burnham fixed, June 8 next, to hear argument, and stated that the appeal will be passed on before the close of the present term.

A Most Deserving Home Boy Turned Out to Make Room For a Stranger.

On April 11, 1904, the Board of Education of the City School met, five out of the six members being present, and the record of that meeting shows that, "The ballot was then spread and Mr. M. A. Comack was elected Principal of the High School for the ensuing year."

Mr. Comack was notified of his election and has made all arrangements to teach in the City School next year.

On May 9th, the august School Board met again, and without notice to Mr. Comack turned him out, or reconsidered its former action and attempted to place in his stead one Mr. R. T. Whittinghill, of somewhere in Tennessee. The only reason alleged being that the said School Board had adopted a rule requiring a teacher to receive four votes in order to secure a position in the school, and alleging that Mr. Comack had received the votes of but three out of the five members present at the first meeting.

If there was such a rule in existence, did not these learned gentlemen know it when they declared Mr. Comack elected? If not, did they have to wait until Mr. Brent, the absent member, returned, or did some other person tell them that the former action was invalid?

We do not know Mr. Whittinghill, and do not attempt to place any estimate on his worth or ability as a teacher, but we do know Mr. Comack, and we know that he is a very deserving young man of the best moral character and is reputed to be the most scholarly young man this county has produced in recent years. He is a graduate of Kentucky University, being one of the honor men of his class, and has some experience as a teacher and has given satisfaction. He was born and raised in Paris, and was educated by the Garth Fund of this county, being a good example of the fruits of that fund.

Both gentlemen were applicants for the position at the first meeting, and Mr. Comack was declared to be elected. Did the Board find out anything in the meantime detrimental to Mr. Comack's character that would impair his usefulness as a teacher? If they did, what is it?

If they did not, will the gentlemen rise and explain why this young man should be humiliated in such a manner?

The members of the School Board are all business men in this city, and expect the patronage of the home people, and should be entitled to receive it. Why do these gentlemen insist on bringing strangers to fill the positions in our schools, thereby sending our own deserving young men among strangers to seek employment?

Please answer, gentlemen, and let the public know the facts.

BARS KENTUCKY ELOPEMENTS.—The new Ohio marriage law as amended and passed by the Legislature of that State "provides that the bride must have lived sixty days in the county where license is asked, that both bride and groom appear in court; that drunkards and imbecile persons be refused license." This law will lessen elopements.

A large delegation from this city and county left yesterday morning for Lexington to help the Hon. C. M. Thomas to win the nomination for Congress in this the Seventh Congressional District.

The convention was called to order at 1 o'clock, by District Chairman Lee, of Owen.

Judge Henry C. Smith, of Bourbon, was elected temporary chairman, and Mr. Jas. Rogers, of Fayette secretary.

Hon. C. J. Bronston, of Fayette, then nominated Judge Smith for permanent chairman and he was elected by acclamation, as was Mr. Rogers for permanent secretary.

Thos. E. Moore, Jr., in an able and eloquent speech presented the name of Hon. C. M. Thomas, of Bourbon, as the Democratic standard-bearer for Congress in the old Ashland District. Mr. Moore was in good voice and the Bourbon boys were very proud of him.

Comack; and Mrs. Evelyn Buck was elected Art Teacher in place of Mrs. H. H. Hill; Miss Mary A. Ford was elected teacher, and Miss Julia O'Brien was chosen to teach Music and a Class of Literature. A Continual Strain.Many men and women are constantly
subjected to what they commonly term
"a continual strain" because of some
financial or family trouble. It wears and
distresses them both mentally and physi-
cally, affecting their nerves badly and
bringing on liver and kidney ailments,
with the attendant evils of constipation,
loss of appetite, sleeplessness, low vitality
and despondency. They cannot, as a
rule, get rid of this "continual strain,"
but they can remedy its health-destroy-
ing effects by taking frequent doses of
Green's August Flower. It tones up the
liver, stimulates the kidneys, insures
healthy bodily functions, gives vim and
spirit to one's whole being, and even-
tually dispels the physical or mental dis-
tress caused by that "continual strain."

Remains.**The Jury Returned a Verdict That
"He Came to His Death by the
Accidental Discharge of
His Own Pistol."Bristol, Tenn., May 11.—The shrunk-
en and decay body of Edw. L. Wentz,
of Philadelphia, was literally taken to
pieces Tuesday afternoon by physi-
cians and detectives in the course of
the coroner's inquest, which was be-
gun at 4 o'clock in the dark cavern of
Black mountain.Young Millionaire Wentz mysteri-
ously disappeared October 14, 1903,
and his body was found Sunday near
Kelly View within a mile of the place
where he was last seen alive. Wentz
was in charge of his father's mines in
Wise county. Since his disappearance
more than \$50,000 has been offered for
any news of him.The startling feature of the inquest
was the discovery of a 32-caliber pistol
ball in the body which might have
been discharged from the empty pistol
of the same caliber found 18 feet from
the remains. The ball had passed
through the fifth rib, entering in
front, had penetrated the heart, a
back rib and lodged in the muscles of
the back one and a half inches from
the spine. Several holes were found
in the clothing where other bullets en-
tered but beneath them the body was
intact. The right hand was missing
and was probably borne away by wild
beasts. A white pearl button, which
could not have belonged to the mur-
derer, was found nearby.There is little doubt that the ball
penetrated the heart, as the physicians
found evidence of hemorrhage in that
portion of the body and an immense
amount of blood congested back of the
lungs. Detectives on the scene made
careful examination of the pistol, find-
ing it to be a Smith & Wesson, No.
85-0-50. Two cartridges were on ei-
ther side of the hammer, but the
chamber under the hammer contained
an empty shell, as well as the two low-
er chambers.It was stated Tuesday by persons
close to the Wentz family that the
question of reward will be settled as
to the amount and time of payment
after the verdict is rendered. There is
a great difference of opinion as to the
cause of Wentz's death, whether acci-
dental, suicide or murder. Many be-
lieve it was suicide.Bristol, Tenn., May 12.—"He came to
his death by the accidental discharge
of his own pistol," is the verdict of the
coroner's jury, which for nearly two
days has been investigating the cir-
cumstances and conditions surround-
ing the death of Edward L. Wentz, the
young millionaire, whose body was dis-
covered decayed and unburied on a
spur of Black mountain last Sunday
afternoon. The verdict came as a sur-
prise in every quarter, as the great
majority of the people who heard the
evidence and examined conditions sur-
rounding the body as it lay on the
mountain believe the cause to have
been suicide, while there are many
others who say there is crime so deep
and cunning as to make the affair more
mysterious than ever.**EMINENT PHYSICIAN DEAD.****Dr. Robert Bartholow Expired After

BE WARNED.

Heed nature's warnings! Pain tells of lurking disease. Backache is kidney pain—a warning of kidney trouble. Urinary troubles, too, come to tell you the kidneys are sick. Constant weariness, headaches, dizzy spells, days of pain, nights of unrest are danger signals warning you to cure the kidneys. Use Doan's Kidney Pills, which have made thousands of permanent cures.

Frank D. Overbaugh, cattle-buyer and farmer, Catskill, N. Y., says: "Doctors told me ten years ago that I had Bright's Disease, and said they could do nothing to save me. My back ached so I could not stand it to even drive about, and passages of the kidney secretions were so frequent as to annoy me greatly. I was growing worse all the time but Doan's Kidney Pills cured me, and I have been well ever since."

A FREE TRIAL of this great kidney medicine which cured Mr. Overbaugh will be mailed on application to any part of the United States. Address: Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers; price 50 cents per box.

For Disorder of the Mouth. Offensive breath may be caused by decaying teeth, or an unwholesome state of the mouth itself, the lungs or the stomach. For any disorder of the mouth there are few things better than a wash composed of glycerin, one part; boric acid, one part, and water, 38 parts. The water should be boiling and the wash be used when cold. A few drops of tincture of myrrh will form a pleasant addition. When the stomach is at fault a benzoic acid lozenger taken now and then may prove useful.—Chicago Daily News.

Not Lost on Her. By a desperate effort the man with the cowboy hat saved himself from falling on the slippery crossing.

His impulsive exclamation, however, was heard distinctly by the elderly woman of severe aspect who was just behind him.

"I beg your pardon, ma'am," he said, raising his hat, "my foot slipped."

"So did your tongue, sir," she responded frigidly.—Chicago Tribune.

Queer Little Church. One of the queerest and most isolated churches in England is a little gray edifice in the valley of Westdale Head, Cumberland. It is over 400 years old, and has only two windows and eight pews. The pulpit is lighted by a slit of glass in the roof. A little bell hangs loosely in the open belfry, and on stormy nights drearily mingles its tones with the wind and thunder.—N. Y. Tribune.

IN AN OLD TRUNK. Baby Finds a Bottle of Carbolic Acid and Drinks It.

While the mother was unpacking an old trunk a little 18 months old baby got hold of a bottle of carbolic acid while playing on the floor and his stomach was so badly burned it was feared he would not live for he could not eat ordinary foods. The mother says in telling of the case:

"It was all two doctors could do to save him as he burnt his throat and stomach so bad that for two months after he took the poison nothing would stay on his stomach. Finally I took him into the country, and tried new milk and that was no better for him. His Grandma finally suggested Grape-Nuts, and I am thankful I adopted the food for he commenced to get better right away and would not eat anything else. He commenced to get fleshy and his cheeks like red roses and now he is entirely well."

"I took him to Metamoras on a visit and every place we went to stay to eat he called for Grape-Nuts and I would have to explain how he came to call for it as it was his main food."

"The names of the physicians who attended the baby are Dr. Eddy of this town and Dr. Geo. Gale of Newport, O., and anyone can write to me or to them and learn what Grape-Nuts food will do for children and grown-ups too." Name given by Postum Co., Battle Creek, Mich.

GILLESPIE MURDER.

Trial of the Famous Case Begun at Rising Sun, Ind.

A Jury Secured, Consisting Mostly of Farmers—Prominent Legal Talent Has Been Employed on Both Sides.

Rising Sun, Ind., May 10.—The famous Gillespie murder case has at last come to trial. When Judge Downey formally opened court, the little hall of justice was crowded with excited spectators, who stood in crowds to get a glimpse of the four prisoners—Jas. Gillespie, Mr. and Mrs. Myron Barbour and Mrs. Belle Seward, who are charged with the murder of Miss Elizabeth Gillespie, twin sister of James.

This is the first time in the history of Indiana, and probably the first in the history of America, in which one of twins was accused of the murder of the other.

A majority of those who had been summoned in the venire were excused because they said they did not believe in capital punishment. The defense is represented by Capt. J. B. Coles, his daughter, Cynthia Coles, and Marlow Griffith. Those who are prosecuting the now famous case are Theodore Wulber, prosecuting attorney of Ohio county; Cassius and Harry McMullen and Henry W. Splan, a noted criminal attorney of Indianapolis.

Rising Sun, Ind., May 11.—In the Gillespie case the work of securing a jury was resumed at 9 o'clock Tuesday morning. The first peremptory challenge by the state excused James Hulbert, a farmer.

Juryman George Hanna said that he had answered a question Monday which he did not understand. He said he would not vote to hang a woman. He was excused.

A jury was finally secured, as follows: Albert Patey, farmer; David Bailey, farmer; David H. Gibson, farmer; George Reiman, farmer; W. J. Powell, farmer; Hugh French, farmer; W. J. Spalding, farmer; H. W. Neaman, farmer; Sherman Clark, mechanic; W. O. Powell, retired farmer; Henry Kurr, shoe dealer; Wade H. Rodgers, farmer.

Rising Sun, Ind., May 12.—There was a change in the personnel of the jury in the Gillespie case. It has been proved that Oscar Jones, a sworn juror, is a third cousin of Mrs. Belle Seward, one of the defendants. Attorney Spaan's motion to remove Jones from the jury was sustained by Judge Downey. The motion was a long typewritten document, and recited that Oscar Jones' mother was a first cousin of the mother of William Seward, husband of Belle Seward, one of the defendants in the present case. William Seward is dead, but Attorney Spaan cited precedents and authorities to show that the relationship still continues. In fact, he proved that in Indiana relationship continues up to the fifth degree, and is recognized in court.

Attorney Thomas Shay made a motion that all four defendants in the Gillespie case be dismissed at once. He said that according to the Indiana laws the quartet now under indictment are as good as freed. Shay contended that the removal of Oscar Jones as a juror has changed the entire complexion of the case, and that his clients can not again be placed in jeopardy. He said that Jones is not related to any of the defendants, no relationship has been proved, and that the laws from the earliest period of Indiana will show numerous precedents why the quartet of indicted persons should be dismissed. The motion of Mr. Shay caused a sensation in the courtroom, and after Judge Downey rapped for order he overruled it.

BEET SUGAR INDUSTRIES. There Has Been An Increase in the Number of Factories.

Washington, May 11.—A report on the progress of the beet sugar industry in 1903, prepared by the department of agriculture, shows there has been an increase in the number of beet sugar factories in the United States from 43 at the close of 1902 to 56 at the beginning of 1904. According to the report the sugar beet crop of 1903 amounted to a little more than 2,000,000 tons harvested from 242,576 acres, the average yield being about 8 1/2 tons to the acre. The prices received for beets ranged from \$4.50 to \$5.60 per ton, the average being nearly \$5.

SIR HENRY M. STANLEY. The African Explorer Succumbed to Pleuro-Pneumonia.

London, May 10.—Sir Henry M. Stanley, the African explorer, is reported to be dying of pleuro-pneumonia. Sir Henry, who was attacked by pleurisy a fortnight ago, is at his London residence. His illness is complicated by chronic heart trouble. He has been in a semi-conscious condition since Sunday afternoon.

AS CHIEF ENGINEER.

John F. Wallace Appointed By the Panama Canal Commission.

Washington, May 11.—Adm. Walker, president of the Panama canal commission, received a telegram Tuesday from John Findley Wallace, of Chicago, general manager of the Illinois Central railroad, accepting the appointment of chief engineer in charge of the construction of the canal. Mr. Wallace will receive a salary of \$25,000 a year.

"Mr. Wallace has been considered for some time by members of the canal commission for the position of chief engineer," said Adm. Walker. "No one stands higher in his profession or is better equipped to take up the work mapped out than he, and the commission is to be congratulated on securing the services of such a man."

Mr. Wallace will take up his work with the commission on June 1. He will arrive in Washington on or before that date and, for the present will have his office at the headquarters of the commission in this city.

It is estimated that about two years will be required to complete the surveys, make the estimates of cost and decide on the final plans. In round figures the canal will cost \$200,000,000 and will require ten years to complete it. Aside from the engineers, machinists and other skilled labor the construction work will give employment to 50,000 men.

Possibly the most important qualifications possessed by Mr. Wallace is his ability and tact in the management of men. For several years all questions involving the matter of labor and the control of labor organizations in the entire system of the Illinois Central Railroad Co. have devolved upon Mr. Wallace for settlement. The 23 different labor organizations found among the employees of the Illinois Central have always had the most implicit confidence in his decisions. As evidence of this, it can be stated that they have never in a single instance appealed from his decisions to higher authorities since he has been general manager of the road.

The appointment of Mr. Wallace as chief engineer of the canal means his practical residence on the isthmus while the canal is being built. He will depart for the scene of his new work almost immediately, probably not later than the middle of June.

THE FERRIS WHEEL. Bar of Iron Fell From the Top, Killing a Laborer.

St. Louis, May 11.—A bar of iron fell from the top of the Ferris wheel at the World's fair Tuesday, striking a laborer on the head and killing him instantly. Dr. Edward Lewis responded from the Emergency hospital in an ambulance and upon arriving found the laborer dead, and refused to take the body to the hospital, suggesting that the morgue wagon be called. This angered the dead laborer's 100 fellow workmen, who insisted that the body should be taken in the ambulance. Dr. Lewis was knocked down, beaten and kicked by the crowd till it became necessary for him to be taken away as a patient in his own ambulance.

THE CARNEGIE DIALECT.

When He Resorts to the "Brogue" Andrew Can Get the Best of Them Balled Up.

Though Andrew Carnegie's English is singularly elegant and pure, he has at his command a weird Scotch dialect, says the Minneapolis Tribune.

Mr. Carnegie is a student of Scotch words and idioms. He likes to point out the oddities and freaks of his native tongue. Recently, at a dinner party in New York, he said to a young woman:

"So you think you can understand Scots, eh? Well, then, what do we mean in Scotland when we say a person is just fish?"

"I don't know. What do we mean?" the young woman asked.

"We mean he is a bit of a weed harum-scurum," said Mr. Carnegie.

"A weed harum-scurum? What is that?"

"It is the same as wove."

"But what is wove?"

"Wove is nook or sal. That is to say, a bit by the east. Havers, lassie, ha'e ye no Scots at all?"

Then Mr. Carnegie laughed and explained that a weed harum-scurum, as it is called, is a weed harum-scurum, and lastly take Cuticura Resolvent Pills to cool and cleanse the blood, and put every function in a state of healthy activity.

More great cures of simple, scrofulous and hereditary humors are daily made by Cuticura remedies than by all other blood and skin remedies.
